

DXCC 60 Meter Application:Please print or type your name and callsign **CLEARLY:**

(Print exactly as you want it on certificate)

List any ex-calls used on any cards _____

Address: _____

(City)

(State)

(Country)

(Zip)

Email Address: _____

I have read, understood and followed all the rules of DXCC 60 Meters:

Applicant's Signature _____

Date _____

1) Read detailed rules carefully in the W8GEX most recent 60m Newsletter.

There will be no SSB or CW only DXCC certificates issued at this time.

There will be NO numbered certificates, to be fair to all DXers and to avoid a situation based on date of application, date of 100th confirmation received, etc.

2) Fill out application form based on your CONFIRMED DXCC contacts on 60m. You will be asked for specific cards after your application is reviewed if deemed necessary.

3) Sort QSO details in order by DXCC country prefixes. Only 100 QSOs need be on the application, even if you have more than 100 confirmed.

4) Initial application is sent to K3ZXL at the QRZ.com address OR via email to dan-schaaf@att.net
No cards required at this stage.

5) After review and with any consultations with our advisory team, you will be emailed the specific list of cards K3ZXL needs to see. You must include postage for return mail postage the same way the cards were sent to K3ZXL, ie Registered or Certified mail. This avoids having to send 100 cards as under ARRL's DXCC program and is meant to simplify matters while still adhering to ethical standards and strict protocols.

6) All applicants may be asked to submit about cards, especially CONFIRMED QSOs with Africa, Asia, Pacific and South America if they are on the list of 100 claimed CONFIRMED countries. Other cards may be asked for depending on the complete application list content. NO email, photo scanned copies of cards will be accepted. No exceptions. All cards asked for will be sent to K3ZXL for review. Our long time 60m DXer advisory members will be used if necessary.

7) Upon return of QSLs to the applicant, one must then send a DXCC processing fee of \$15 for USA hams and \$20 for foreign hams to K3ZXL for one of the initial 60m DXCC gold seal certificates. As with the WAS award, the gold seal is applied to the first 25 60m DXCCs issued.
